Subject: Letter of Reference

To Whom It May Concern:

I am writing this Letter of Reference for OM Engineering Services, Inc. Michael Baker has had several opportunities to team up with OM Engineering Services over the past several years. OM Engineering Services has always provided quality work. Nimesh Bhavsar was our main contact for the project, and insured that all work provided by OM Engineering was done and back to Michael Baker in a timely manner.

Most recently, OM Engineering provided sub-consultant services that included Quality Control (QC) of the load rating analysis for a pre-stressed concrete beam bridge on/over Whitaker Road using FDOT LRFDP Pre-Stressed Beam program and Conspan.

Sincerely,

A handwritten signature in blue ink that reads "Michael" followed by a stylized flourish.

Michael Schwier  
Vice President
